COME AS YOU ARE. BECOME WHO YOU ARE MEANT TO BE.

At Merrimack College, we're redefining what is possible—and you are at the heart of it.

Here, your potential is recognized, your ambitions are ignited and your future is set in motion. Join a close-knit campus community that challenges, supports and empowers you to become your most confident self - who you are meant to be.

From lifelong friendships and a thriving campus community to dedicated mentors and real world experiences, you will do more than find your place, you'll forge your path.

LIFE-CHANGING ACADEMIC INNOVATION BUILT AROUND YOU

At Merrimack, your education is designed to help you **explore boldly, build practical skills and shape a path that reflects your goals.** With market-leading 3-year applied bachelor's degrees, career-aligned programs and tuition options ranging from high-demand professional programs to highly affordable pathways, Merrimack delivers exceptional value in a rapidly changing higher education landscape.

Students can build stronger pathways to career outcomes by choosing from 3-year applied bachelor's degrees, direct-to-career programs, plus flexible pricing options that shorten time-to-degree, reduce total educational cost and increase return on investment.

WHY WE'RE DIFFERENT

- **RELENTLESS FOCUS ON STUDENT OUTCOMES**
- **EMBEDDED EXPERIENTIAL LEARNING FROM DAY ONE**
- **AI READINESS & DIGITAL FLUENCY**
- **IMMERSIVE CAMPUS LIFE & COMMUNITY**
- **STATE-OF-THE-ART RESEARCH LABS AND MAKER SPACES**
- **ONLINE LEARNING INTEGRATION**

\$17K DEGREES

A MERRIMACK DEGREE FOCUSED ON AFFORDABILITY

Merrimack's \$17,000 bachelor's degree pathways make earning a respected private college degree more accessible than ever, combining outstanding value with the personalized education, career preparation and supportive community that define the Merrimack experience. With more than **45+ undergraduate degree and concentration options** at this tuition level, students have the flexibility to pursue their passions while investing confidently in their future.

Every \$17K degree includes the same advantages every Merrimack student receives:

- Internships, research and experiential learning opportunities
- Access to 75+ student organizations, 27 club sports and 15 intramural sports
- Career coaching through the O'Brien Center for Career Development
- Faculty mentors who know your name and invest in your success
- Access to Merrimack's Double Warrior program featuring up to a 33% discount on graduate degrees
- A vibrant residential campus community

Degrees Designed for Career Success

Choose from more than 45 affordable applied bachelor's degree pathways spanning economics, communication, kinesiology, information technology, humanities, political science, cybersecurity, creative arts, pre-med, pre-law and more—including many programs with SHRM-aligned skillsets built in. Every program is designed to help you build in-demand skills, gain practical experience and graduate ready to make an immediate impact.

After taking AP US History and US Government in high school, I was super excited that Merrimack offers a major in Government! Through my concentration in pre-law, I was able to take a Law and Society class in my first semester at Merrimack that is built to prepare me for law school after graduation, and ultimately become a lawyer one day!

**AVA S. '29 |

A DIFFERENT WAY TO THINK ABOUT COLLEGE

96 CREDITS.

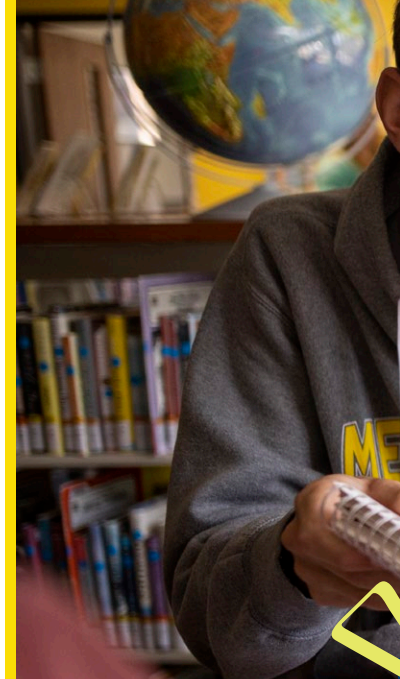

\$25K TUITION

Spend less, graduate sooner and launch your career faster. Merrimack's innovative Applied Bachelor's Degrees offer a faster, more affordable path to a degree without sacrificing the personalized education, career preparation and vibrant campus life that define the Merrimack experience. Designed for motivated students with clear career goals, these applied bachelor's programs allow you to graduate in three years, enter the workforce sooner and reduce the total cost of earning your applied bachelor's degree. The applied bachelor's degree programs preserve Merrimack's core curriculum and learning outcomes while streamlining elective requirements, so students receive the same rigorous academic foundation in a more focused format.

WHAT MAKES MERRIMACK DIFFERENT?

Unlike accelerated programs that rely on year-round coursework, Merrimack's model is built around thoughtful curricular innovation. Students complete a traditional full-time schedule during the academic year while benefiting from a new degree pathway that prioritizes the knowledge, experiences and competencies employers value most.

***This program is offered under the Massachusetts Board of Higher Education's Degree Granting Regulations for Pilot Proposals on Innovation.**

Graduate Pathways with the **3-YEAR APPLIED BACHELOR'S DEGREE**

Students enrolled in an applied bachelor's degree program can enter seamlessly into a Merrimack Master's program and either retain the same \$25K tuition rate (select Master's programs) or take advantage of a Double Warrior discount of up to 33% off graduate tuition.

• **Applied Bachelor's Degrees:**

YOUR 5-YEAR PLAN FOR SUCCESS

At Merrimack, we're all about helping you turn your dreams into real career goals. From guaranteed internships and co-op opportunities to research projects and hands-on experiences, you won't just learn in the classroom, you'll learn by doing.

>> YEAR 1: EXPLORE

- Reflect and learn more about yourself through your first-year seminar course.
- Join a **student club** relevant to your major or career aspirations.
- Attend O'Brien Center workshops to develop your resume and LinkedIn profile.
- Check out opportunities on Handshake, our database of over 100,000 co-ops, internships and job opportunities for Warriors.

>> YEAR 2: PREPARE

- Upskill with LinkedIn Learning courses.
- Meet with your **Lucey Center career advisor** for personalized guidance on achieving your post-grad goals.
- Attend a career panel to learn about paths our alumni and guest speakers have taken after graduation.

>> YEAR 3: EXPERIENCE

- Conduct informational interviews to learn how top industry leaders got to where they are.
- Grow your network and attend events such as the **Professional Development Retreat**, featuring distinguished speakers, interactive sessions, networking and more.
- Intern, complete a co-op or explore faculty research opportunities.

>> YEAR 4: CONNECT

- Go on a **Career Trek** with students in similar majors and programs where you will venture off-campus with other students to visit businesses, tour facilities and learn about day-in-the-life experiences from professionals.
- Polish your resume and get active on LinkedIn.
- Join professional associations to continue building a network of like-minded individuals.
- Attend networking and recruiting events to meet companies that want to hire YOU!
- **Land the job of your dreams!**

>> YEAR 5

Students who choose to stay at Merrimack for graduate school benefit from an accelerated application process, an earlier start date and save up to 33% through the Double Warrior Program!

COLLEGE**

BOSTON

At Merrimack, career preparation starts the moment you arrive. The O'Brien Center for Career Development and the Scammon Center for Experiential Learning help you explore your strengths, sharpen your résumé and interview skills, pursue internships, co-ops, research, practicums and study abroad, and connect with employers, alumni and industry professionals. Through career fairs, networking events, site visits and signature programs, you'll gain the confidence and adaptability to navigate a successful job search and stand out in a rapidly evolving, AI-empowered workplace.

Choosing a college is one of the biggest investments your family will make. At Merrimack, we make that investment feel clear, supported and worth it with generous scholarships and aid, meaningful opportunities to put your education into practice and personal guidance from admission through graduation — so you can invest confidently in a college experience that prepares you for what comes next.

STUDENT LIFE**

UNITY HOUSE

Unity House is a welcoming campus hub where students from every background come together to build community, celebrate diverse perspectives and foster a culture of belonging through programs, events and meaningful dialogue.

RESEARCH STARTS ON DAY ONE

At Merrimack, research isn't reserved for graduate students. As an undergraduate, you'll have opportunities to work alongside faculty mentors on real-world challenges—from neuroscience and biotechnology to artificial intelligence, environmental sustainability, engineering design and public health. As Merrimack advances toward Carnegie R2 research university status, students gain access to expanding research facilities, industry partnerships, and hands-on discovery experiences that are uncommon at institutions of our size.

The result is an undergraduate experience where students contribute to meaningful discoveries, present their work, collaborate with faculty researchers and build the skills that distinguish them for graduate study, internships and career success.

WHERE IMAGINATION AND INNOVATION BECOME REALITY

In Merrimack's cutting-edge labs and collaborative makerspaces, students turn curiosity into discovery and ideas into real-world solutions. From engineering and robotics to health sciences, business and computer science, these hands-on innovation hubs empower students to design, build, test and create alongside expert faculty, fostering the skills, confidence and experience to solve tomorrow's biggest challenges.

HUBS OF RESEARCH, INNOVATION AND LEARNING

SIRF (Shared Instrumentation and Research Facility): Advanced life sciences, chemistry, biochemistry and environmental research.

CHAMP (Center for Health Advancement, Movement and Performance): A cutting-edge space that brings together teaching, research and community-based health and wellness services for the New England region.

CHIRP (Center for Health Innovation, Research and Policy): Focuses on closing the gaps in systematic health disparities that adversely affect people from historically marginalized groups, including those living in poverty, people of color and those with disabilities.

NOURISH: Applied research addressing food security, nutrition and community health.

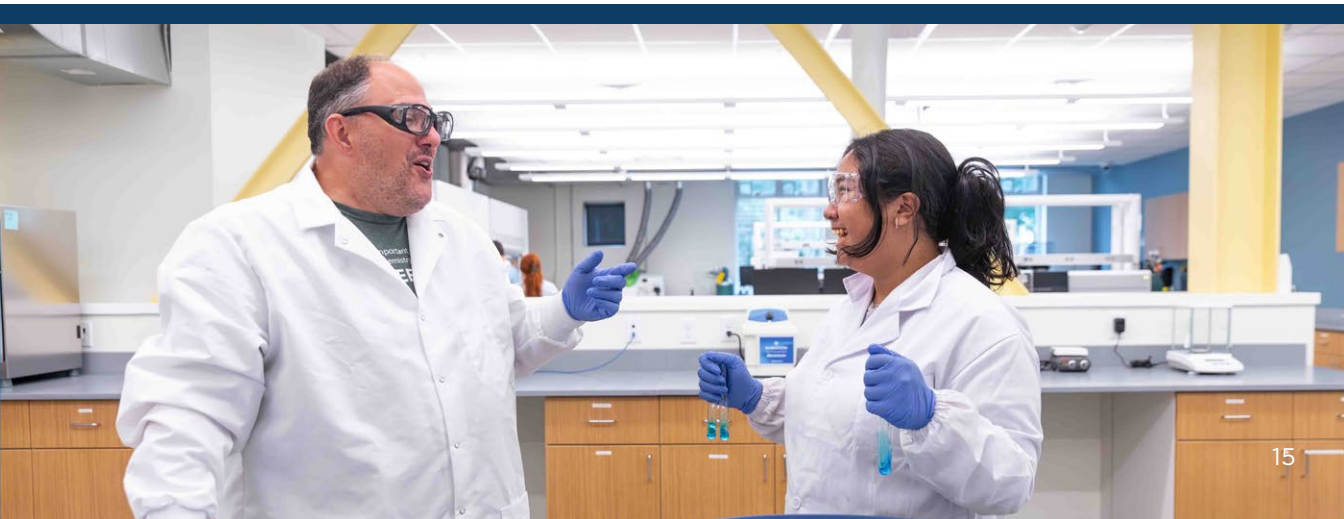

Engineering and Computational Sciences Research Centers: Projects in AI, cybersecurity, robotics, data science and engineering innovation.

BRAiN Lab and other faculty-led research groups: Opportunities to explore cognition, neuroscience, psychology and human behavior.

CELSIUS (Center for Entrepreneurial Learning, Science of Innovation and University Spinouts): Cross-disciplinary innovation hub where students, faculty and entrepreneurs transform bold ideas into startups, breakthrough research and real-world solutions.

Quantum AI Lab: Quantum computing, artificial intelligence and health sciences applications that are truly on the cutting edge of coding.

Workshops & Makerspaces: Ongoing inclusion of workshops and makerspaces throughout campus for use on coursework and personal projects.

TOP 10 REASONS WHY MERRIMACK IS GROWING & THRIVING

**Where great begins
and your growth never ends.**

Merrimack is one of the fastest growing private colleges in New England, attracting tens of thousands of applications each year and earning recognition as one of the nation's most innovative schools.

01

We're Making College More Affordable

Our **\$17,000 tuition degrees** include more than 45 concentration choices and combine career-ready skills, guaranteed co-ops and a top-tier education with clear expectations on cost. Merrimack has also created degree pathways in teacher education, criminal justice and human services, plus four applied bachelor's degrees priced at **\$25K per year** before merit and aid, and offers **\$20K scholarships** for a variety of other majors including health, business, engineering and other STEM majors. The result? **Better ROI, plus Merrimack's signature quality and career preparation.**

**EXPLORE THE TOP 10
REASONS STUDENTS
CHOOSE MERRIMACK**

02

Applied Bachelor's Degrees: A Different Way to Think About College

Merrimack's Applied Bachelor's Degrees are built around a simple idea: students should be able to earn a rigorous degree, gain meaningful experience and prepare for successful careers, while reducing both the time and cost required to get there, priced at a value of \$25,000 in tuition per year before merit and aid are applied.

03

Strong Career Outcomes Start Here

Guaranteed co-ops and internships help you graduate with the skills, experience and connections to launch your career or continue to graduate school. And with a strong alumni network behind you, support extends well beyond graduation. It's no surprise that 96% of Merrimack graduates are employed or in graduate school within nine months of graduation.

04

Research Opportunities from Day One

You don't have to wait for graduate school to make a difference. Whether you're exploring coral reefs, space age materials, health equity, social change, nutrition, politics, stock markets, data science or human behavior, you'll work alongside faculty on real world research starting your freshman year.

05

GO WARRIORS!

Our Warrior Spirit Dominates

Whether you're competing at the Division I level, joining one of our growing club sports teams or playing intramurals with friends, Merrimack offers countless ways to stay active, build leadership skills and find your community. With 27 NCAA Division I teams (featuring a 2026 Hockey East Championship), a vibrant club sports program and unforgettable game-day traditions, Warrior pride is part of everyday life on campus.

06

Purpose-Driven Learning

Grounded in our Catholic Augustinian values, a Merrimack education fuels purpose and growth. Through hands-on learning, flexible courses, state-of-the-art labs and makerspaces and service-driven leadership opportunities, students graduate prepared to lead a meaningful life and succeed in their careers.

07

Building Community Through Student Groups

To belong means to connect. Over 80% of Merrimack students join built-in communities that blend academics and social life and are welcome to all. From Honors and Austin Scholars to Band, Cheer and Athletics, these groups help you connect, grow and feel at home.

08

Well-being is 24/7

From tutoring and academic advising to career coaching and health services, Merrimack provides resources to help students thrive. With Residence Life, Campus Police and mental health counseling available 24/7, help is always within reach.

09

Campus Life That's Full of Energy and Fun

College isn't just about earning a degree. It's about living fully. Merrimack's campus buzzes with energy, activities and excitement whether students are hanging out at Augie's Pub, bowling in the Student Union or participating in clubs, intramurals, fitness, sports or theater. It's an exciting, welcoming and safe environment to make memories that last a lifetime.

10

Where Community Meets Opportunity

Just 25 miles from Boston, Merrimack's campus in North Andover and Andover offers beautiful, small-town charm with easy city access. Walk to shops and restaurants or take the campus shuttle. Overnight and on campus parking is also available.
